Dear Parents,

During Term 1 (2026-2026) all children from REC to Year 6 have the opportunity to take part in Extra Curricular Activities (ECAs). These will run **from Monday 31st August – Friday 27th November 2025** beginning at **2.40pm** and finishing one hour later at **3.40pm**. **The number of sessions is depending on school holidays and costs have been adjusted accordingly.** 😊

A number of the ECAs are led by school staff members but in addition to these, we also offer a range of other ECAs provided by companies and individuals from outside of school.

The schedule for ECAs is shown over the next few pages; each ECA has a brief description, the name of the staff member or provider who will lead the activity, the minimum and maximum number of children for each ECA and cost per term.

Please note: **Children can sign up for as many ECAs run by school staff members or by outside providers but choose only one per day.**

Sign up will open at 10am on Friday 21st August and will close at 10am on Tuesday 25th August. This term the selection type is "preference selection". This means when the system randomly allocates the pupils, it will first allocate your first selection/preference (P1), followed by the preference 2 (P2) **in the same day only**, etc.

Example

'Friday - Maths Club', the system will randomly allocate 15 students from the 20 who chose this activity as their first preference (P1). The remaining 5 students may receive their 2nd choice etc. if they selected these options.

As we balance demand for clubs, you may not be allocated all ECAs that you request. However, **please select only the ECAs that you can commit to**, as you will have expected to accept the selected ECAs that you are allocated. For students who are not assigned their chosen club(s) in the initial allocations, parents can return to Schools Buddy and request to join clubs that still have available space.

Please note that all payments are non-refundable and we accept transfer only. **If the minimum number of children required by an ECA is not reached, then the ECA will be cancelled and you will be able to choose from any remaining options on the system.**
