ABOUT OUR EARLY YEARS

The first steps in education are the most important in building a successful learning journey, which is why at St. Andrews Dusit, we are committed to delivering an Early Years program that is positive, engaging and exciting. Our highly experienced and qualified Early Years teachers deliver a holistic British curriculum for children 2 to 5 years old, providing a wealth of experiences to ensure each child's individual needs are met.

From toddlers to Reception, our Early Years team provide high quality, interest based and child led opportunities for learning to cover the skills set out in the UK National Curriculum, 'Development Matters'. We carefully plan for a range of 'continuous' and 'enhanced' provision which is flexible and specifically targeted to meet the individual needs of all pupils. Our focus is always to develop experiences and skills in all areas of learning. Using our broad-based class topics as a framework, teachers build on interests of each child they observe during play based learning time. This is then extended through teacher led sessions, focused activities and multi-sensory challenges. Our activities provide opportunities for children to explore, investigate, create and discover their way through the curriculum.
